

Task #	22-07	Date:	7 th April	Review Date:	N/A
	Meet:		Bridge St Amenity Area		
	Summary:				
	Blooming up Bridge Street – removing gravel – part one				
	Volunteers:		10		
	Time:		10:00	11:30	
	Weather:		Warm, windy and showers		

We had the full weather forecast today – sun, showers and wind. And didn't we know it too. Let's just say we all got a bit soggy – and some of us more than the others!

We are continuing with Barrow in Bloom's project to **"Bloom Up Bridge Street"** and today we made a great start at removing an area of gravel around one of the benches near the far end.

After a lovely sunny start, the rain came and stopped work for a short while – but not too long and we were soon back in the wind and sunshine. We removed a huge amount of large stones and gravel, and lots of it has now been used to fill in some of the holes along the towpath. The rest of it was kindly collected by Richard Proctor – saving us the trouble of disposing of it ourselves.

Andy, Nick and Steve

Brian, Karen, Stewart and Philip

We also had a couple of our volunteers out litter picking and they managed to collect 6 bags of grot too, all of which helps to improve the environment for our whole community to enjoy, as well as the local wildlife we share this lovely area with.

Thanks to the team today: (L-R) Brian, Nick, Steve, Philip, Andy, Karen, Soo, Margaret, and Stewart – who missed the team photo!

Next Task:
Thursday 10.00 21st April
Location: **Bridge Street**
