

Task #	24 – 04	Date:	07 March 2024	
Task:	Millennium Park paths			

Great conditions today for the work we needed to do which was keeping the paths around Millennium Park free from over growing bramble, ivy, and small branches.

We had 8 volunteers and cleared both the top and bottom paths in next to no time. All cut brash was added to existing habitat piles from previous years.

It was great to see the primroses coming through in large numbers at the far end of the park near Melton Road - especially in the wildflower area which we cleared of overhanging branches late last year.

Thanks to the team today: (L-R) Ali, Steve, Karen, Bob, Pat, Margaret, Stewart and Trev

#### **Next Task:**

Thursday 21 March 10:00

Location: **Piets Close – Bridge Street entrance**
