

Task #	24 – 07	Date:	18 April 2024	
Task:	Top of Buttermere Way – planting saplings			

We have had a great session today - one of our few locations where we put trees in the ground rather than cutting them back. 10 volunteers out on the footpath linking Buttermere Way and Strancliffe Lane, where we added a great mix of approx 50 saplings to the hedgerow we put in there a few years ago.

We had a variety of Dogwood, Hazel, Hawthorn, Wildcherry and Rowan donated by Idverde and Charnwood Borough Council in their Autumn Tree Giveaway.

The saplings were safely overwintered and today were planted with cane supports and guards to help protect them when the surrounding grassed area gets cut back throughout the summer.

Special thanks to Tracey P and Helen R for the cakes and drinks - very well received.

Thanks to the team today, Andy, Bob, Steve, Nick, Honor, Karen, Alistair, Philip and our new member Anne

#### **Next Task:**

Thursday 2 May 10:00

Location: **Riverside View**
