

Task #	24 – 13	Date:	27 June 2024	
Task:	Cotes Road to Bridge St via footpath over railway tracks			

12 volunteers out today clearing the footpath from Cotes Road down towards Bridge St - over the railway tracks. The top part as heavily overgrown with ivy along the walls and weeds along the paths. The middle section had some brambles on one side - just about to fruit, and so left alone, and lots of bind weed on the other - so we've cleared what we can to ensure the path can be safely used. The bottom section looked as if someone had already made a start by cutting some areas back, so we just cleared away those cuttings and gave it a general tidy up.

It was certainly a hot and sticky few hours - thanks to the team today: Bob, Alistair, Steve, Andy, Soo, Karen, Anne, Margaret, Pat, Patricia, Nick and Trev

Thanks also to Charnwood BC and Serco for providing the community bins for the green waste.
