

Task #	25 – 12	Date:	12 June	
Task:	Grove Lane – Sileby Road – Avon Road			

An amazing amount of hard work by our volunteers to clear both our areas this week, especially with the rising heat and humidity.

We started with the Grove Lane to Sileby Road jitty. This may be the shorter of the 2 jitties but it certainly had lots of green waste to clear away today.

We then moved onto the Sileby Road to Avon Road jitty, which is much longer and at times, it never seems to end. Our energy levels were really beginning to flag but the team maintained their very high standards to the end.
