

Volunteers from Barrow Good Neighbour Scheme and Barrow Footpaths come together for a Garden Makeover

Barrow Good Neighbour Scheme received a request for help in a garden after recent poor health was preventing a family from completing work to convert a previously mature front garden into a more manageable low maintenance space.

This was a large project to undertake so Volunteers from Barrow Footpaths Group were asked to provide some additional support.

After some tea and biscuits the work began and it didn't take that long before you could really see the difference.

The new look for the garden after all the work was completed.

Gravel will soon be added and flags added.

**Thanks again to our Volunteers from Barrow Good Neighbour Scheme
and Barrow Footpaths Group**
