**Location:** Cotes Rd/Bridge St Jitty

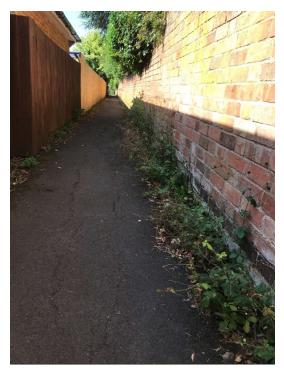

Task # 21

Date: 25 July 19 Review Date: Oct 19

Мар:

This is the top of the jitty near to Cotes Road. Cleared the weeds alongside the path and cut down some of the overhanging ivy further along towards the bottom of the path. More room to work alongside each other on this busy jitty.

The Jitty towards the Bridge, cleared on both sides from overhanging brambles, and ivy and general summer overgrowth. As much fruit as possible was left on the bramble for the wildlife to enjoy over the next few weeks.
