

# Barrow in Bloom

## Water-based Litter Pick event

**Friday 8<sup>th</sup> October 2021**

### Barrow Boating

Volunteers from Barrow Community Litter Pickers and Barrow Footpaths Group came together for a joint event to help clear parts of the waterways around our village of litter. The event was organised jointly with our partner group, The Canal and River Trust. They kindly provided the canoes and an instructor for the morning.

15 volunteers came along and we used 6 canoes with land side support along the way. The canoes made their way towards Mountsorrel and collected a considerable amount of grot along the way. Thanks to the Parish Council for providing post-pick refreshments and to Barrow Boating for letting us use the facilities.
